THE FACES OF

MARITAL & FAMILY LAW

From L to R: Susan Savard, Jennifer Lawson, Caryn Green, Kristin Coffey ▪ *Green Family Law*

Green Family Law P.A. was founded by Principal and Florida Bar Board Certified Marital and Family Law Specialist, Caryn Green, who has focused on marital and family law her entire career. Caryn's goal is to help Orlando and Central Florida residents pursue marital and family legal solutions that preserve their well-being, especially for matters involving children.

Board Certified in Marital and Family Law by The Florida Bar, Senior Associate Attorney, Susan Savard, and Associate Attorneys, Kristin Coffey and Jennifer Lawson, comprise Caryn's legal team. All are committed to working with compassion, steadfast preparation, and determined representation. Caryn brings 23 years of family law experience as well as additional professional achievement to the practice. Along with Susan, Kristin and Jennifer, Green Family Law P.A. provides over 55 years of combined legal experience.

Caryn has been recognized 10 times as an Orlando Super Lawyer via a patented multiphase selection process involving peer nomination, independent research and peer evaluation, and is also on the Top 50 Orlando Super Lawyers list. At Green Family Law, Caryn has created a culture that uses dispute resolution methods designed to avoid expensive, time-consuming, and emotionally draining litigation. The Firm has built a team of highly qualified industry partners who work collaboratively for clients' best interests and who strive to resolve matters out of court. However, when amicable methods are unsuccessful, Green Family Law attorneys are aggressive trial lawyers who doggedly advocate to protect clients' rights.

All four attorneys devote a portion of their private time to bettering the community: Caryn is a founding Board Member of Orlando's Juvenile Diabetes Research Foundation. Susan is on the faculty for the Family Law Trial Advocacy Seminar. Kristin enjoys her role as lobbyist for International Justice Mission, an NGO committed to eradicating global human trafficking, and Jennifer is a Board Member and VP of Communications for the Central Florida Gator Club.

The law office of Green Family Law P.A. has an expansive downtown Orlando view providing a back-drop that affirms the Firm's commitment to clients' lives in the community and in their homes. Green Family Law P.A. strives to help clients move forward with confidence and peace.
